

django girls

Free Python and Django workshops
for women in Kraków.

**11th November 2014
Kraków, Poland**

About

Django Girls is an initiative that is aiming to introduce 30 women who have never coded before to the world of technology and increase the diversity. In November in Kraków, Poland we're going to organise an one-day workshop and invite women to join us and learn how to build the internet using HTML, CSS, Python and Django.

Target

30 underprivileged women
who have never
programmed before but
are motivated to get into IT

Date & place

One-day workshop,
11th November 2014
Kraków, Poland

Supporters

We already have several
awesome coaches and
Pykonik on board!

Team

Django Girls Kraków is organized by Ola Sendeck and Marysia Lowas. Ola co-founded Django Girls, co-organised DjangoCon Europe 2013 and is a professional Django developer. Marysia is a technical writer and an attendee of Django Girls @ EuroPython 2014. They both share a passion for learning about technology and they love getting others to fall in love with it, too.

SUPPORT US!

We're looking for kind souls and organisations that are supporting the goal of bringing more women into technology to help us.

With every sponsor, we can bring more and more women to come to Django Girls Krakow to learn about programming. Your money will go towards catering for attendees and coaches, resources like books to help the attendees grow and learn or some little things to make their first contact with code a great experience!
